

SUNEVOLUTIONS™

Sun Evolutions is dedicated to offering the absolute best performing tanning products available. Formulated using the highest quality sun and skincare ingredients with state of the art technology, we offer a wide selection of the most popular and innovative brands. Presented in creative and cutting-edge packaging we design products that appeal to all of your customers' performance needs and unique sense of personal style.

Sun Evolutions is your home for all the brands your salon will ever need!

Since 1998, we've made it our mission to unlock the beautifying, wellness-boosting power of hemp. Hemp seed oil is the key ingredient in each of our products, delivering supple, nourished skin and healthy-looking hair. That's why we say the secret is in the seed.

Twenty years ago, hemp seeds were a mainstay of health food stores, not beauty aisles. We were some of the first to shake up the status quo by formulating our lotions with pure hemp seed oil, which helps protect skin. Thanks to our deep experience with the versatile hemp seed, we're still the masters of maximizing its skin-softening, hair-strengthening power.
