Tanning Benefits

- **Tan Maximizers:** Enhances Melanin production during UV exposure for darker tanning results in a shorter period of time.
- **Tyrosine:** Amino Acid that helps to increase melanin production to enhance the body's natural tanning process for a more effective tan.

Red Light Therapy Complex

- **Copper Peptides:** Naturally occurring Amino Acids that help produce collagen and elastin while reducing the appearance of fine lines and wrinkles.
- **Rose Quartz Extract:** Rose Quartz helps to boost circulation in the skin, brightens complexion and leaves skin looking radiant. This superior antioxidant works to boost cell turnover and collagen synthesis, protecting skin and minimizing signs of aging.
- **Niacinamide:** This Retinol alternative helps to restore skin's defense against moisture loss, evens out skin tone, builds keratin and restores the lipid barrier. Suitable for all skin types, it helps prevent premature signs of aging and boosts collagen.
- **Ferulic Acid:** This plant-based antioxidant is known for its anti-aging properties. Ferulic Acid fights free radicals while boosting the effectiveness of other antioxidants such as Vitamin C and E protecting overall skin integrity.

Skin Care Benefits

- **Aloe Vera:** An extract from the leaves of the Aloe Barbadensis plant known to have healing and soothing properties. It also helps condition, rejuvenate and restore moisture balance to the skin.
- **Caffeine:** Helps reduce puffiness and the appearance of fine lines and wrinkles. Also known to energize skin.
- **Cherry Extract:** Rich in antioxidants, the Vitamin C in Cherry Extract helps stimulate collagen for a more firm and glowing appearance. Also has anti-inflammatory properties and provides skin hydration.
- **Shea Butter:** Shea Butter is packed with vitamins and nutrients that are good for your skin. It helps relieve dry skin, calms inflammation, and provides excellent anti-aging benefits.
- **Sugar Cane Extract:** Known to improve Collagen and Hyaluronic Acid synthesis in the skin, which decreases appearance of wrinkles and fine lines. Sugarcane is packed with lactic acids that keeps the skin smooth and hydrated to eliminate dry and dead skin cells, enhancing the growth of new ones.
- **Sweet Almond Oil:** Obtained from dried kernels of the Almond Tree, it is an excellent emollient to help balance moisture and soften skin. It is a light, non-greasy, penetrating oil that is excellent for all skin types.
- **Theobromine:** A natural compound derived from Cocoa that offers skin care benefits such as antioxidant protection, can help reduce inflammation, and can help increase circulation. Theobromine can also help stimulate lipolysis (the breakdown of fats) for a more smooth and firm appearance.
- **Vitamin B5/C/E:** Our Vitamin blend is packed with antioxidants that shield skin from free radicals and stimulates collagen synthesis. Panthenol or Pantothenic Acid is an essential nutrient for healthy skin that is a humectant to hydrate and retain moisture in the skin. Ascorbic Acid helps to brighten, soothe damaged skin, and reduces the appearance of fine lines and wrinkles. And Tocopheryl Acetate helps protect against sun damage, conditions skin and maintains skin's natural moisture barrier.
